

Tiffany Oliver – PAEMST Award

The Presidential Awards for Excellence in Math and Science Teaching (PAEMST) are the nation's highest honors specifically for K-12 STEM teachers. The award recognizes teachers who have both deep content knowledge of the subjects they teach and the ability to motivate and enable students to be successful in those areas. Awardees reflect the expertise and dedication of the Nation's teaching corps, and they demonstrate the positive impact of excellent teachers on student achievement.

Mrs. Oliver's award was the first time in 32 years that a science teacher from Hillsborough County has received this award.

Mrs. Oliver is now part of the National STEM Teacher Leader Network
