After earning a mathematics degree from the University of South Florida, Mrs Charley-Sale lectured at the Brown's Town Community College in Jamaica and was academic staff of the year for three consecutive years. When she returned to Tampa, she became a mathematical content developer before returning to teaching mathematics at Robinson High School in 2007. Her students have attained 100% pass rate on the AP Calculus Exams, State Exams and IB Higher Level Mathematics Exams. She also coaches the Mu Alpha Theta Mathematics Honor Society and the M3 challenge.

"IB is a rigorous, international program that is held in high regard around the world. The amazing students that complete the program are truly well-rounded, prepared and empowered to be successful in future academic endeavors."
