

TOM ATKINS

**IB
CHEMISTRY
1**

**IB
CHEMISTRY
2 & 3**

ROOM 11-123

Graduated with a bachelor's degree in chemistry & master's in interdisciplinary science.

Taught at Chamberlain and Hillsborough HS during my master's program.

After college, started work in a lab testing/designing production process for lead acid batteries.

Continued in other industries as lab technician, then materials manager, and plant manager.

Purchased and ran a water filtration business for 15 years which overlapped starting teaching in 2002.

Taught marine science & chemistry in Pinellas, then came to Robinson in 1/2009 to teach chemistry.

Entered the IB program in 2014.

"In IB, I like student culture of achievement with standardized, objective based testing."
